Participating Museum

## Try This!

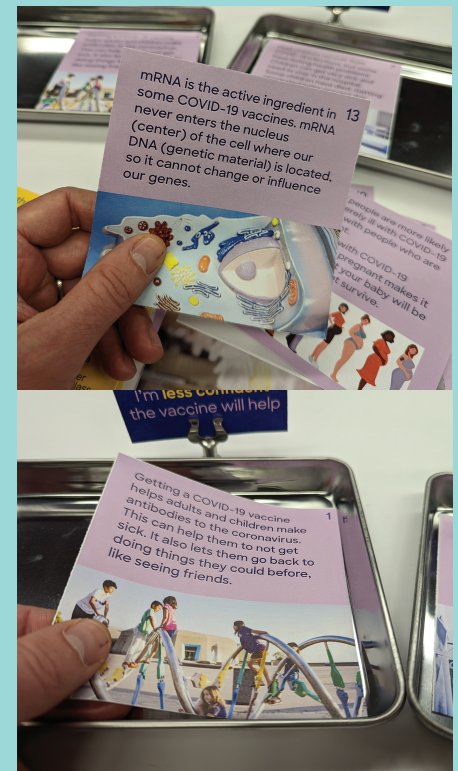

1. Review an info card. Each card shows different information about COVID-19 and vaccines.

2. What does the card make you think or feel?

3. Place each card onto a tray that best fits:

-Does the card make you feel more confident that the vaccine will help or less confident?

-Does it just raise more questions?

## Talk about it...

What questions or concerns do you have about the COVID-19 vaccine?

Are you vaccinated? How did you make your decision?

I'm **less confident**  
the vaccine will help

I'm **less confident**  
the vaccine will help

I'm **more confident**  
the vaccine will help

I'm **more confident**  
the vaccine will help

I have  
**more questions**  
about this

I have
